

Letter Sent To Each Member of the Ohio House Delegation

January 15, 2013 via email to:

Address

Dear

As I mentioned on the phone, I will be in contact with you or someone from the Congressman's office on a weekly basis on issues facing the country and Congress. Our reporters will be in touch with every member of the Ohio House delegation, and we will be posting members' viewpoints on the Ohio Legislative Update, a blog that will be online shortly.

For our initial project we are focusing on gun control. We will be launching a separate web site for that with the responses of every member of Ohio's House delegation. Would you please provide the member's current position on the following four items. To save time, you can just indicate your answers on this document and email it back to me.

1. Assault Weapons Should Be Banned (for the general public. None of the questions pertain to the availability of weapons for law enforcement agencies).

Yes No Member declines to answer

2. High Capacity (10 rounds or more) Magazines Should Be Banned

Yes No Member declines to answer

3. The Gun Show Loophole Should Be Closed

Yes No Member declines to answer

4. The Centers for Disease Control Should Be Allowed to Conduct Gun-Related Research

Yes No Member declines to answer

To any question for which there is no response we will report that the member declined to answer. If there is no response by noon Monday, January 21 we will report that the member did not respond. Please add any additional comments the member wishes to make. We will include those comments in our web site that we plan to post next week.

Please email responses to me at

If you have any questions, please call me at

Also, I'd like to do a brief videoskype interview on this issue with the Congressman any time during the next month. Would the Congressman have 5 minutes for such an interview?

Thank you, and I look forward to talking to you throughout the semester as we report on the issues.

Regards,
